

OUR VILLAGE OUR FUTURE

Tollesbury Climate Partnership (TCP) is a Community Benefit Society, controlled by its members with elected representatives being accountable to the membership.

Membership of TCP is open to all who support our Vision and who commit to our Members' Charter.

OUR VISION

Our community will be working together to reduce the impact of climate change and protect the Tollesbury we love for future generations.

OUR MEMBERS' CHARTER

As a member of Tollesbury Climate Partnership (TCP), I will:

- Accept other members without discriminating against anyone on the basis of their gender, sexual orientation, disability, age, race, politics or religion;
- Commit to working for the collective good of TCP and as a result will enjoy the collective benefits of being part of TCP;
- Use my skills and capacities productively to further the approved objectives of TCP and work to make things happen;
- Treat other members respectfully and as equals, and be honest, open and accountable to others;
- Recognise that some people may need extra support to become involved, and that their involvement is valuable;
- Communicate openly, honestly and with respect;
- Listen to other members with respect and understanding;
- Encourage others to join in with the work of TCP;
- Have fun!

Please tear off the membership application form section below and hand in to a TCP representative.

MEMBERSHIP APPLICATION

(Note that under 16's are welcome to get involved but cannot be members)

OUR OBJECTIVES ARE TO:

- Reduce carbon emissions, protect the environment, and maintain and improve biodiversity;
- Research, promote, advise on and instigate community energy schemes;
- Raise awareness of the issues associated with climate change, scarcity of resources, and economic sustainability;
- Increase community resilience to the impacts of climate change;
- Collate information, knowledge, and expertise to advocate and influence policies and plans that relate to climate change; and
- Actively work with other stakeholders to harness the energies of the local community to achieve the above.

JOIN OUR WORKING GROUPS

We'll achieve our vision if enough people come forward to develop ideas and take them forward. You don't need to be an expert or have special skills, just buckets of enthusiasm will do!

WE'VE SET UP 6 WORKING GROUPS:

COMMUNITY ENGAGEMENT

For those who enjoy meeting people and mobilising them to protect our environment. We organise events, recruit members, publicise activities and engage with the community via social media.

Julie Heller | engage@tollesburyclimate.org

ENERGY

To move towards a low carbon community – and save on our energy bills – we'll encourage everyone to cut their energy use, apply for green grants, and explore community energy projects.

Phil Manning | energy@tollesburyclimate.org

FOOD PRODUCTION AND SUPPLY

Love tasty and good value food? So do we! Work with us to help encourage a more sustainable approach to food, including 'grow your own' and eating local and seasonal food.

Mark Howland | food@tollesburyclimate.org

MARINE ENVIRONMENT

We monitor climate-related threats to our coastal landscape and identify measures to protect and enhance the marine environment. We work closely with local stakeholders, and support local initiatives, for example oyster restoration and seagrass conservation.

Ian Marwood | marine@tollesburyclimate.org

NATURAL ENVIRONMENT

We're passionate about protecting and improving our local environment, wildlife & biodiversity, by working on projects such as tree and hedge planting, re-use to reduce waste, and water efficiency.

Angela Cole | environment@tollesburyclimate.org

TRANSPORT AND TRAVEL

We'd like to reduce traffic congestion in the village and get healthier with better facilities for cycling & walking, improved bus services, carshares, e-bikes and more!

Phil Manning | transport@tollesburyclimate.org

Please tear off the membership application form section below and hand in to a TCP representative.
