TOLLESBURY ARCHIVE – MASONIC LODGE

Tollesbury Archive exists to keep the wishes of Ced Gurton and to keep alive Tollesbury's rich pictorial history, the plough and sail village, and the home of the Kelvedon, Tiptree, Tollesbury Light Railway. We are community lead and encourage the engagement of our villagers to provide content for our social media platforms and website. At the art trail, visitors can see some examples of our heritage photos, postcards and documents and can take part in the Tollesbury Railway walk from station to station.

TOLLESBURY MARITIME HERITAGE EXHIBITION

Tollesbury Maritime Heritage aims to engage people with the incredible waterside history we have in the village. As part of the Art Trail they will be presenting a photo exhibition on the America's Cup yacht Endeavour, running activities for all ages and offering workshops in traditional skills such as basket weaving, rope working and lino printing.
